Directions . . . and collages of confusing signs. These represent a synopsis of our experience in college. We came here because we wanted to get somewhere in life. We decided for ourselves the directions we would follow, the meanings we would construe from the signs. The directions could be found on a compass of academic subjects; the places where our personal arrows of intention pointed could be understood in terms of degrees and future professions. But the distance we moved this year in any direction, the variation in our path from the chose compass points, these must be scaled in individual units and evaluated by individual reflection.

We invite you to join us in a verbal and pictorial meditation on this theme.

To Carl H. Elliott, Dean and Director of Purdue University Calumet Campus, whose interest in students, in faculty, and in building Purdue Calumet to great heights, and whose dedication toward high goals for the Calumet Campus have contributed to the growth and success of Purdue Calumet Campus, this, the second volume of the Astron, is gratefully and respectfully dedicated.

After graduating from Indiana University with A.B. and M.B.A. degrees, Dr. Elliott went on to earn his Ph.D. from Purdue in Industrial Psychology. He taught at Miami University of Ohio and Purdue Calumet previous to becoming Dean and Director. Dr. Elliott came to Purdue Calumet as director in 1959 and has guided the development of the Calumet Campus since.

Participation

Following pre-registration, Freshman found their way to the Armory for Orientation. Following welcome addresses by Dr. Elliott and Mr. Hubbard, incoming students were familiarized with opportunities at PUC. They then viewed displays and booths set up by organizations to interest freshmen. Guides directed the newcomers from the Armory to the campus for a directed tour. Orientation ended up with an outdoor luncheon at the Kappa Pi Delta house nearby.

Registration found students who had not pre-registered standing in lines, arranging classes and paying fees. After checking and processing schedules, and solving conflicts of classes, all students prepared to begin classes.

JUDY PATAKI receives Outstanding Student Award for 1966-1967.

Proud families and community watched as outstanding students were recognized at annual Honors Day Program. Students attaining 5.0 or higher index were honored for their achievements at the outdoor assembly. Judy Pataki, sophomore, was named outstanding student of 1966-1967 for achievements including a 6.0 index. Award of gold watch was presented by Phil Mateja, President of the Purdue Alumni Club of Lake County. Program was highlighted by the address of Dr. Charles H. Lawshe, Vice President for Regional Campuses.

It's A Homecoming Happening

Basketball Homecoming festivities began with pep rally in food lounge at noon on January 12. Parade assembled on January 13 at school and proceeded through community. Entries of clubs were judged and El Circulo Espanol was awarded first prize, Cheerleaders second prize, and Pi Sigma Kappa third prize. Festivities continued in Munster Fieldhouse as P.U.C.C. Pipers scored victory over Lakeland College. Queen candidates Sherry Becich, Sue George, Marlene Gransinger, Linda Kotulski, and Pat Norman were presented and Sue George, escorted by Ted Porter, was crowned 1968 Homecoming Queen. Festivities culminated with dance in PUCC lounge.

Homecoming week proved exciting for five girls nominated as Homecoming Queen candidates. Each organization chose one nominee for preliminary voting and from the field of ten, five finalists were elected. Campaigns by sponsoring organizations followed, with El Circulo Espanol sponsoring Pat Norman; Student Congress, Marlene Gransinger; Sigma Iota Rho, Sue George; S.C.O.P.E., Linda Kotulski; and Kappa Pi Delta, Sherry Becich. Final voting was held during Homecoming Week and votes were tallied. At halftime festivities of the Homecoming game, Sue George was crowned Homecoming Queen of 1968 for P.U.C.C.

GUARDS (Joseph Lee Sobak, Terry Borgman, Michael J. Janek) explain the finding of Antigone bearing her brother to Creon (Tom Reinert).

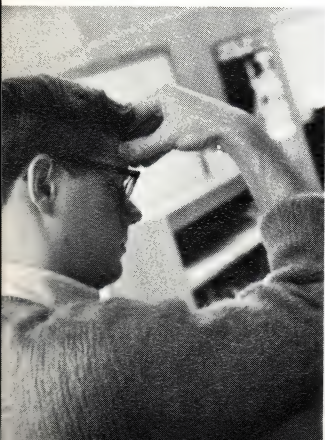

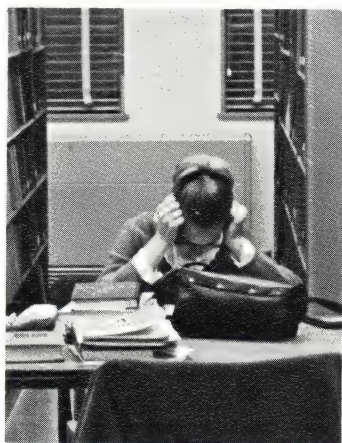

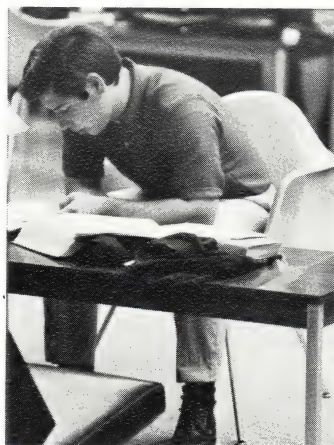

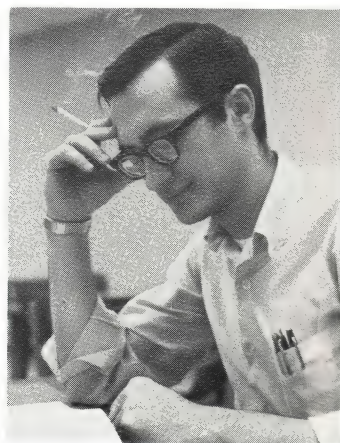

Spring is a time of new beginning. All of life responds to the call of Nature to blossom forth. Easter is the symbol of this awakening. Youngsters frolic at Easter Egg Hunts to find jelly beans and eggs left by that springtime hero, the Easter Bunny. Grown-ups enjoy the fun of decorating and hiding eggs. Everyone attends church on Sunday morning to show off Easter finery and, most importantly, to rejoice in the life of the Risen Lord.

Initiating new final exam policy, PUCC profs offered opportunity for challenge to all students. Long hours of study and last minute cramming culminated with two hour exams covering semester's material. Tensions relaxed and relief grew as end of exam week drew near.

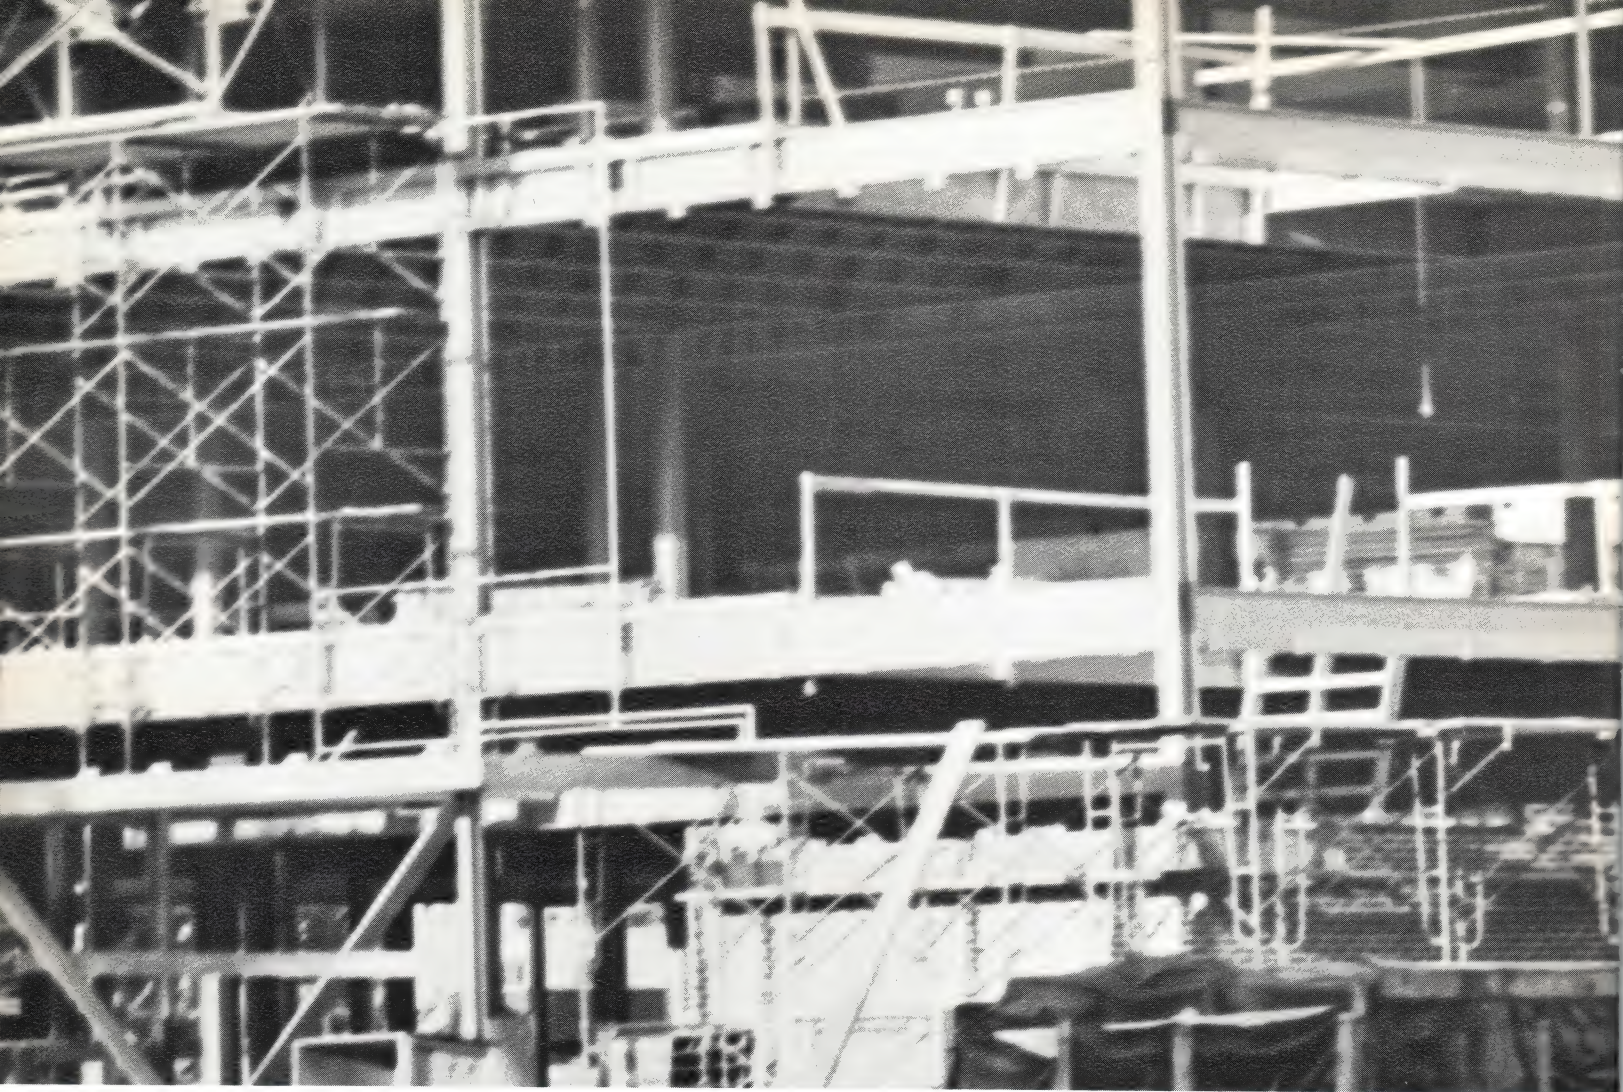

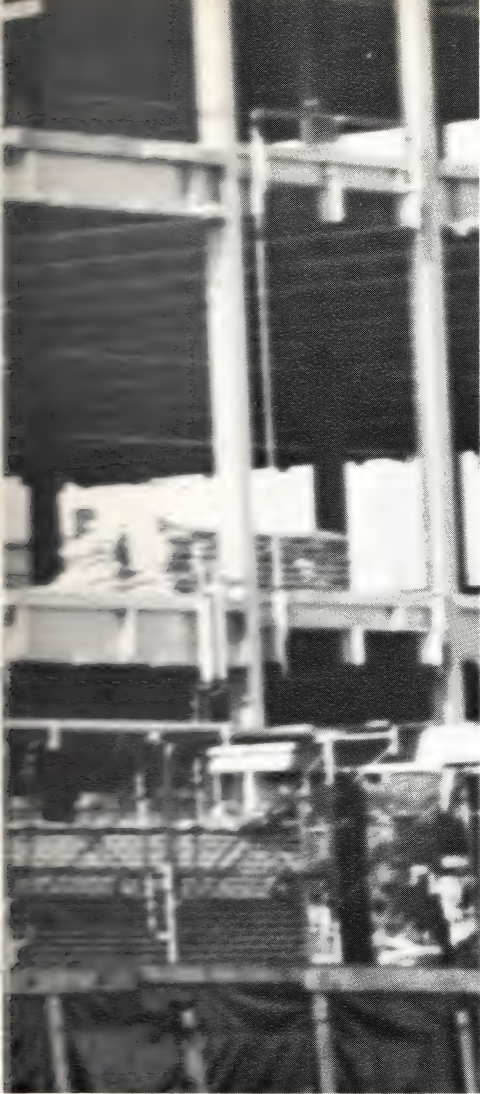

Graduation Culminates Year

Hurried pace of exams slackened and everyone sighed with relief. Underclassmen would experience this relief again but seniors . . . no. After exams—graduation: commencement . . . end of one phase of life, beginning of another. Others will occupy empty senior places but for seniors themselves, in what direction will life lead?

STUDENT CONGRES OFFICERS: Vice-President Ken Goodwin, President Ed Bachner, Corresponding Secretary Marlene Gransinger, Treasurer Karen Barnes, Recording Secretary Martha Eastwood.

Student Congress Moves Forward

Student Congress representatives: seated left to right—Rocky Graziano, Ken Main, Frank Penzato, Jan Langan, Gary Austin, and Jesse Warren. Standing left to right—Dave Vanderbilt, Margaret Dick, Debbie Sheets, Juan Flores, Mike Grabowski, Judy Jackson, Lea Gilman, Rich Schwartz, Milton Skrupa, Cid Cieskiewicz, Henry Grubel, Ken Carlson and Warren Griggs.

Student Congress made many advances during the 1967-68 school year. One of the most significant "happenings" was the establishment of communication channels with the administration to and from the students. Senators established the student-faculty relations committee and became part of the convocation hour committee. Efforts were begun to reorganize the Student Affairs Committee. "Gripe Sessions" were conducted in the food lounge and sessions were arranged with bookstore representatives. Student services included reinstating of card playing in lounges, installation of a juke box in the food lounge, opening of vacant classrooms for study, co-sponsoring of weekly T.G.I.F. dances, and teacher rating. Senators planned activities such as the Homecoming Happening, the second annual Spring Dinner-Dance, and the annual Activities Banquet. Student Congress assisted other organizations in making the Traffic Court all-student, assuming financial support of cheerleaders, assisting in reorganization of the Boilermaker, and arranging for the sale of Student Gift-Pax for the support of the baseball team. Finally, a Student Bill of Rights was drafted and put to a vote of the student body. Under responsible leadership of two cabinets, Student Congress made great strides in service to PUCC.

Ciceronians Speak Out

Under the able guidance of Prof. Lee Goodman, Ciceronians represented Purdue Calumet at speech and debate tournaments throughout the Mid-West. At various times during the year Ciceronians was represented by: Susan Clark, Doug Fix, Marlene Gransinger, Warren Griggs, Mike Laramie, and Chuck Starks. Although relatively inexperienced at the college level in forensics, these individuals did well at the various tournaments, with Susan, Doug, Warren, and Mike winning awards.

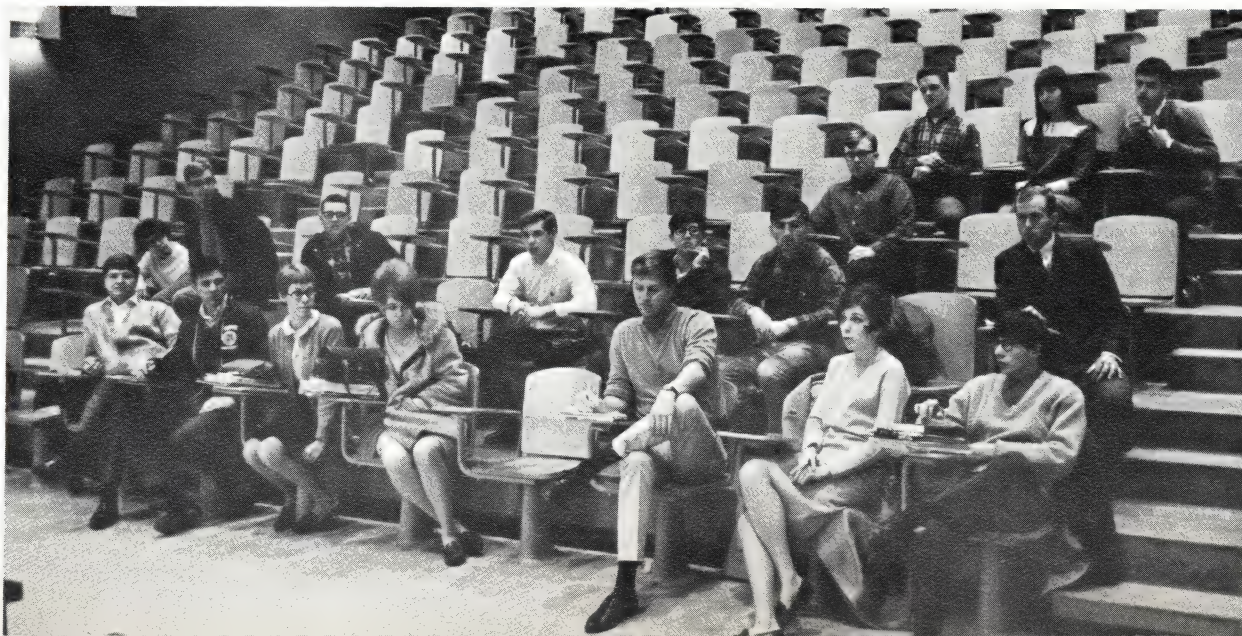

LEFT TO RIGHT—S. Clark, J. Wilski, W. Griggs, Mr. Goodman, M. Gransinger, M. Laramie, D. Fix.

Serving as a meeting ground for PUCC clubs to discuss projects and problems, the Inter-Club Council sought to coordinate activities and ease problems of each club. Every club was represented in ICC and in turn ICC was represented in the Student Congress. Such functions as calendaring activities and admitting new organizations related to Student Congress and served to relieve some of the work for that group. Led by first semester chairman Jerry Wilski and second semester chairman Bob Harper, the Inter-Club Council spurred interest in various clubs of PUCC through weekly meetings and discussions.

SIGMA IOTA RHO, the first recognized Fraternity at Purdue Calumet, was organized and established in the spring of '67. From the original 12 members the Fraternity has grown to a membership of 23 through a new pledge program initiated this spring. Membership is not restricted to a choice of study.

The activities cover a wide range of events. From splash parties in the middle of winter to tobogganing excursions on the dunes. Numerous types of parties such as going away parties for recent recipients of the General Westmoreland Fellowship.

Formed in August, 1967 **Kappa Pi Delta** uses its house at 7204 Ontario Avenue as a base of its Campus operations. Only a short walk from the main university buildings, the house has facilities for discussion, study, reading, counseling, and social activities.

Kappa Pi Delta is an ecumenical campus community, open to all students who are sincerely interested in the search for what is most truly and profoundly human. It is a pioneering attempt to draw people of every faith or no faith into a common unity. **Kappa Pi Delta** channels its energies into a program which includes faculty-led discussions on current and controversial topics, film programs, reading groups, social action projects, open houses for faculty and parents, and freshman orientation. The social side of the program includes dances, groups trips to sporting events, shows and plays, and lecture tours.

Student Chapter of Professional Engineers began the year with a hayride for the student body. During the Thanksgiving holidays, members organized and sponsored a dance at the Armory. Meetings featured guest speakers from the areas of Mechanical Engineering, Electrical Engineering, and Chemical Engineering. Field trips to Argonne National Laboratories, American Oil, Pullman Standard, Inland Steel, I.B.M., and others were organized. A Co-op Banquet and Engineering Banquets were held. In the spring a beach party was planned. SCOPE cooperated throughout the year with other clubs in organizing money making projects.

PCAC

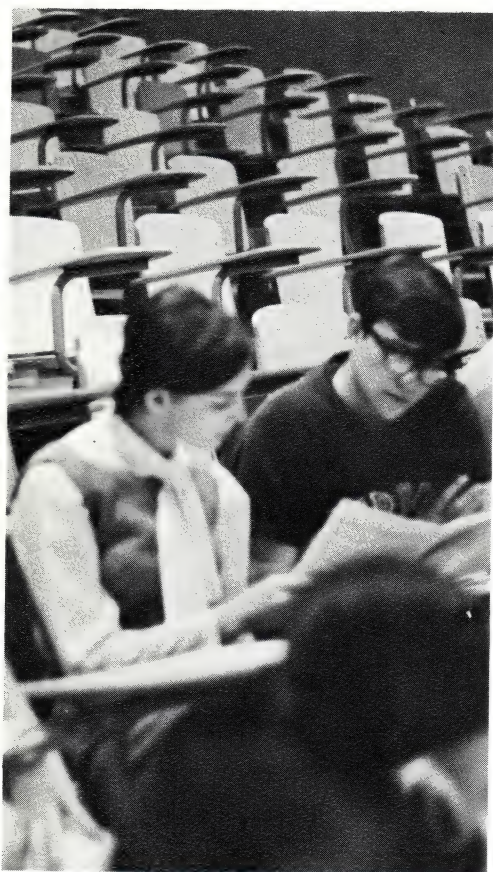

In 1967, in the spring, 16 men got together and decided to form a club. This club was not to be an ordinary club. It was to be a club dedicated to the betterment of athletics at Purdue Cal and to the betterment of the community of this area. The club had a rocky start, but thanks to the dedicated efforts of the 16 men and their faculty sponsors, the club prospered. Now, as the club enters its second year, the outlook is bright. Many activities are in the planning stage and the community and the school are solidly behind them. The club recently initiated seven new members, and these men show promising signs of carrying on the aims of the athletic club or PCAC as it is known all over the area.

"The Calumet Region is a hotbed of apathy." Motivated by comments such as these a small group of Purdue Calumet Students joined together and brought a new club into being. In general, its purpose—to ignite that hotbed. In specific, its purpose—to conduct research within the scope of political science, to inform the students and the public on important political issues and viewpoints, to discuss political problems in all phases of government and to combat political apathy in the Calumet Region. Among the activities carried on by the club this year in meeting these goals were various open lectures on the different aspects of society and government and a very successful open forum on civil rights. The principal activity of the club, though, was its sponsorship of "Choice 68"—the national collegiate primary for the election of the President of the United States. Serving in officer capacity for the club are Rich Bouton—President, Mike Laramie—Vice President and Margaret Dick—Secretary. Building on a successful first, the Political Affairs Club looks forward to an involved, unapathetic future.

Beginning the year under student direction, Purdue Music Organization songsters gathered on Monday evenings during the first semester to have a good time singing together. Their first performance was set at the Honors Day Assembly where they performed the Purdue Hymn under the direction of Tim Parlor. Beginning rehearsals on the Christmas work "Sing We Know of Christmas", voices blended in holiday harmony, and performances for the students and the public were given, directed by Miss Cynthia Przondo. Beginning second semester rehearsals were held twice a week during school hours, and with the return of Professor Simpson, music theory was combined with singing for learning and fun. A major step was taken when choir robes were ordered for the group in early spring. The final performance of the Calumet PMO for this year was at Commencement, where they added their inspirational message to the program.

The Boilermaker kept PUCC students informed about campus events throughout the year. Printed by DeLaney Printers, the newspaper of the Calumet Campus included front page campus news, sports results and comments, and student written editorials on topics of interest at PUCC, as well as varied and interesting features throughout the pages. Ads sold by enterprising staff members provided monetary support for the Boilermaker. Leading the staff in the organization, writing, and publishing of the paper were editors Jim Phillips, Debby Mickey, and Mary Jo Gorman. Reporters, photographers, editors, everyone gained valuable experience and had fun while serving the student body.

SNEA

P.U.C.C. chapter of Student National Education Association was organized in October, 1967, and has been quite active since. The club gave teas for Mrs. Marie North, state director of student NEA programs, Professor Carolyn White-nack, president of the American Association of School Librarians, Dr. Franz Frederick, and Professor Virginia Witucke from the Purdue Lafayette Campus. Members assisted with the student-faculty coffee hour before Christmas vacation and attended a Mid-Winter Conference in Indianapolis in February. A joint meeting with St. Joseph's Chapter and Indiana University Northwest Campus' Chapter was planned. "Teaching Month" was observed in April.

GABLES

The Gables Fine Arts Club, focusing its attention on four areas of the fine arts, literature, music, art, and travel, presented many unique and interesting programs throughout the year. Highlighting unusual interests of P.U.C.C. professors, the programs offered interested students an opportunity to expand their knowledge of the fine arts. Dr. Pan explained the use of Chinese symbols; Dr. Nichols related the differences of British and American dialects through the similarities and differences of road signs in England and the United States. Mr. Tinkham presented a program of poetry, reading selections of his own poetry and offering interpretations. Dr. Geimer discussed the psychology of warfare and the changes that have come about. Miss Stark, sponsor of the club, shared slides of her travels with Gables members, featuring her African tour and major art works in European and American Galleries. Members of Gables Fine Arts Club planned the annual art show, which gives students an opportunity to exhibit their work.

Newly formed El Circulo Espanol endeavored to provide PUCC students the opportunity to enrich their knowledge of Spain; customs, life and language. Members viewed movies about Spanish provinces Andalucia and Galicia and slides on Madrid. Excurions included seeing musical play **Man of LaMancha** in Chicago and having dinner at La Hacienda del Sol. El Circulo Espanol Homecoming float rated first prize in parade. A Spanish fiesta was planned and sponsored for students and public by El Circulo Espanol.

First semester officers were President, Martin Kessler; Vice-President, Gary Austin; Secretary-Treasurer, Karin Undi. The leaders chosen for the second semester were President, Larry Strick; Vice-President, Jim Albert; Secretary-Treasurer, Karin Undi.

The members went to an authentic German restaurant in Chicago, attended a German-Spanish party, and helped sponsor a dance in May. Pins were given to active members of the club to acknowledge their service to the organization.

1st Row—Dale Sumis, Warren Griggs, Gary Austin. 2nd Row—Karin Undi, Larry Strick, Judy Jackson.

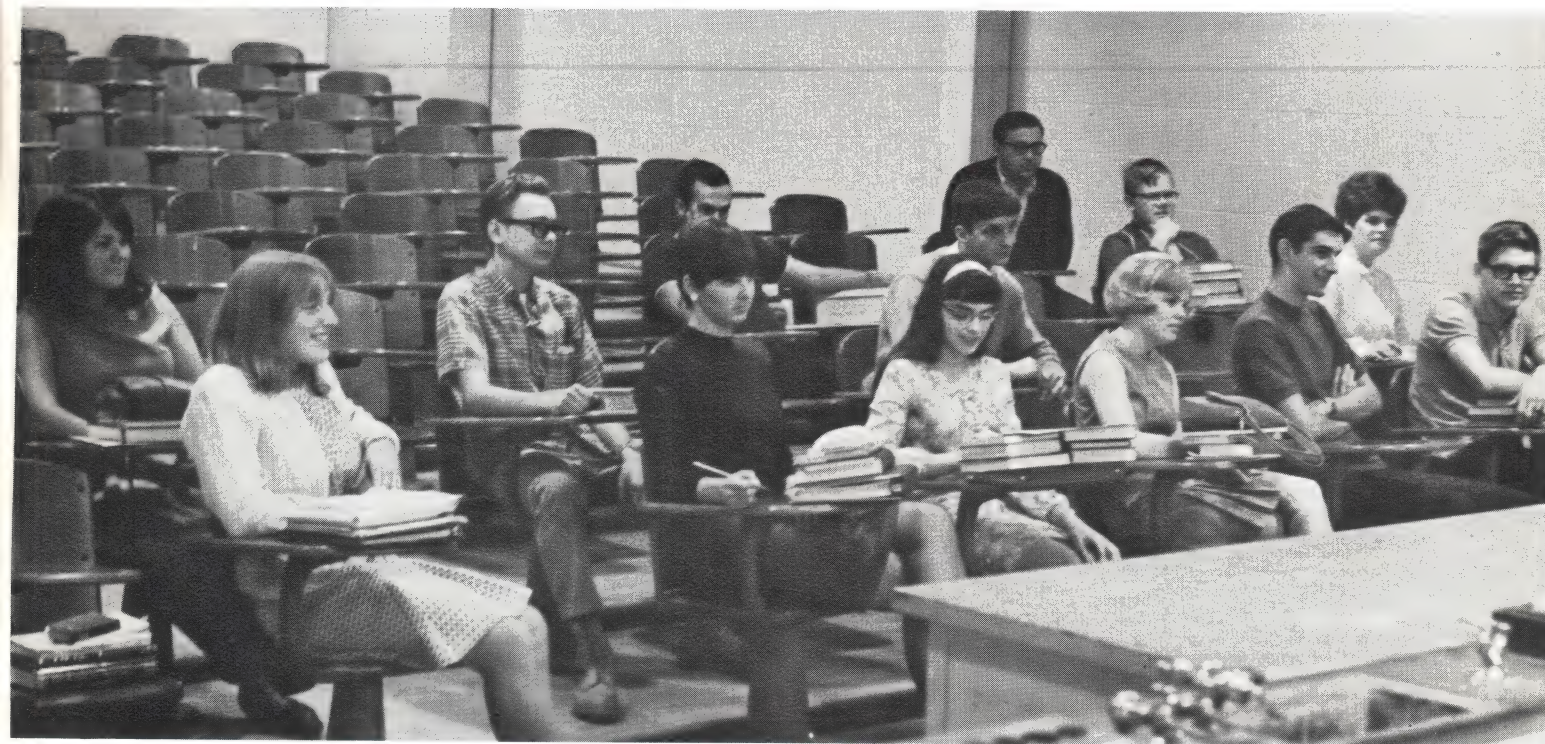

Newly organized French Club became active during the second semester. First organizational meetings focused on writing a constitution and electing officers. As a service to French students, the French Club distributed a guide to French cultural events in the Chicago area. With its purpose to familiarize students with the French language, culture, and customs, several field trips were planned, including a trip to the Art Institute to view the Picasso exhibit, enjoying dinner at a Chicago restaurant, and seeing two French movies at the Clark Theatre. Members planned other spring activities.

"Direction" Starts Year

"Direction" themes the 1968 ASTRON. A staff was selected by Editor Lois Borsay and positions were assigned, with the concept of a revolving staff as the basis of organization. Each staff member worked in all areas to obtain a well-rounded, meaningful experience. Weekly staff meetings began shortly on development in the last weeks of summer vacation. Work continued through the year, with concentrated efforts during vacations.

The advertising campaign began with the aim to pay off standing debts. Work continued with layouts and copy being worked out and completed. Amateur photographers tracked down subjects and flashed cameras. Staff members sought to meet printer's deadlines and complete material for each section. Pace quickened as mid-April final deadline grew near.

Purdue Pipers under direction of mentor John Shields, showed determination and spirit by finishing season with 12 victories and 8 defeats. The highlight of the season was the Homecoming "Happening" which the Pipers won in double overtime by a score of 124-119. This was the crowning event to an already unbelievable Homecoming. The Pipers also won a real heart-stopper, when they conquered a tall, fast, ball-hawking Aquinas team. When all seemed lost in the third quarter the

Pipers came back with the speed, hot-shooting, and good ball control they employed all season to pull the game out of the fire with less than a minute to play. The score was the Pipers 91, the Aquinas 88.

Special recognition should be given to Senior Dennis Musgrave. He has been a valuable asset to the Pipers this year. His quick thinking and his never give up attitude saved many games for the Pipers.

Preceding the homecoming activities, the cheerleaders led a pep session in the food lounge, outfitted in the team's warm-up uniforms while the team posed in cheerleading outfits. The Future

Grads Look

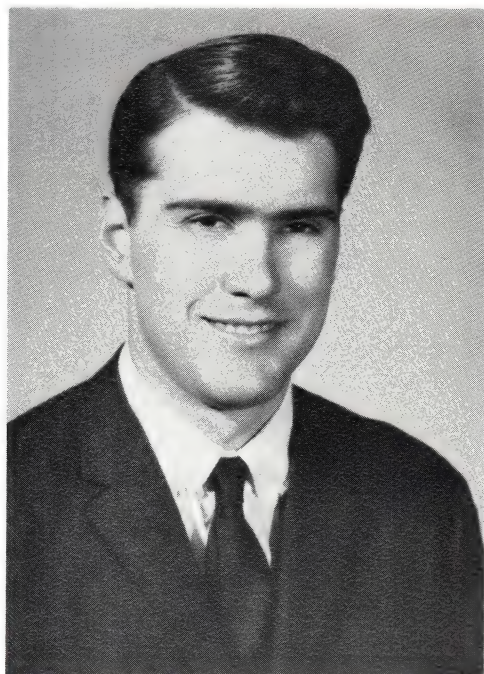

Edward F. Bachner, III

Bachelor of Science. Supervision Technology. Radio Club; Kappa Pi Delta; Student Congress, Vice President, President; Boilermaker, Business Manager, Advertising Staff; Director of Teacher Rating. Attended Marmion Military Academy; Purdue University, Lafayette Campus, Calumet Campus. Plans an administrative career with an electronics firm following military service.

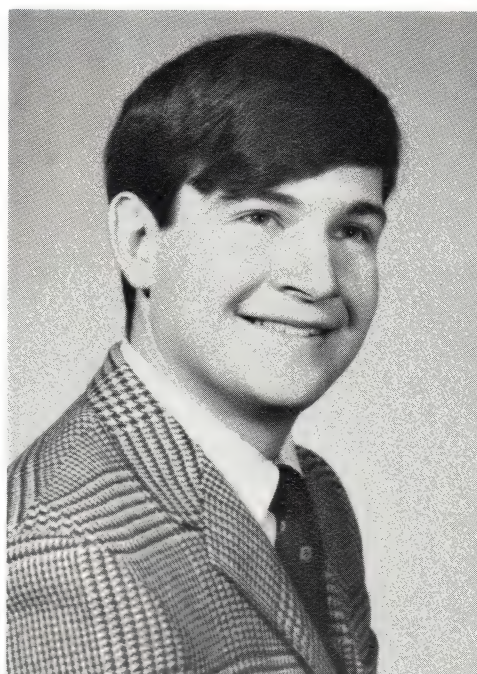

Scott A. Balcain

Bachelor of Science. Technology. Student Congress, Senior Senator. Attended Lew Wallace High School; Purdue University.

Donald Bedeker

Bachelor of Arts. Social Science. Kappa Pi Delta, Theater Co., Boilermaker. Attended Streator High School. Plans a career in secondary teaching.

Stephen P. Bigler

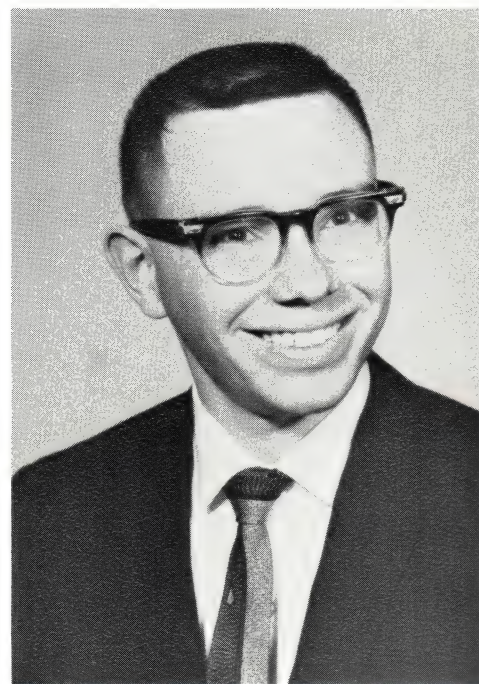

Associate in Applied Science. Electrical Engineering Technology. Kappa Pi Delta. Attended Morton High School; Purdue University, Calumet Campus. Plans to continue at PUCC for Bachelor of Science in Supervision.

To Future

Elmer Boyens

Bachelor of Arts, Industrial Education. Attended City Junior College, Chicago; Purdue University, Calumet Campus.

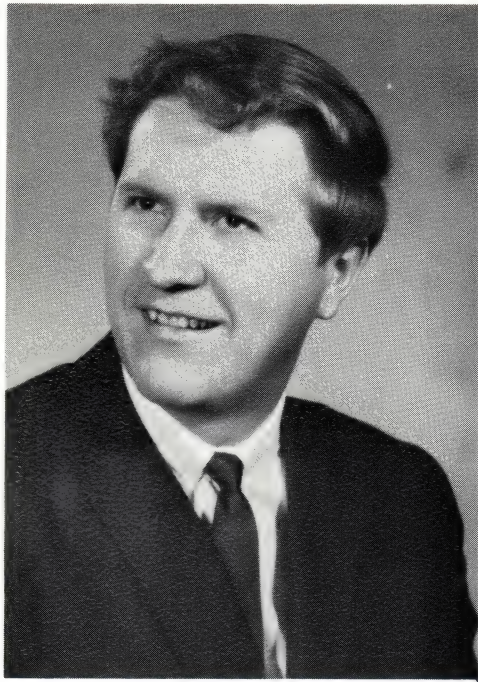

David Jon Brown

Bachelor of Arts, United States History. Gables Fine Arts Club, President; Purdue Music Organization; Political Club; Inter-Club Council. Attended Hammond High School; Purdue University, Calumet Campus. Plans a career as a high school teacher.

Barbara Alexis Brzezinski

Bachelor of Science. Economics-Industrial Management. Attended Aquinas Dominican High School; DePaul University; Loyola University; Purdue University, Lafayette Campus, Calumet Campus. Plans to attend DePaul University Law School.

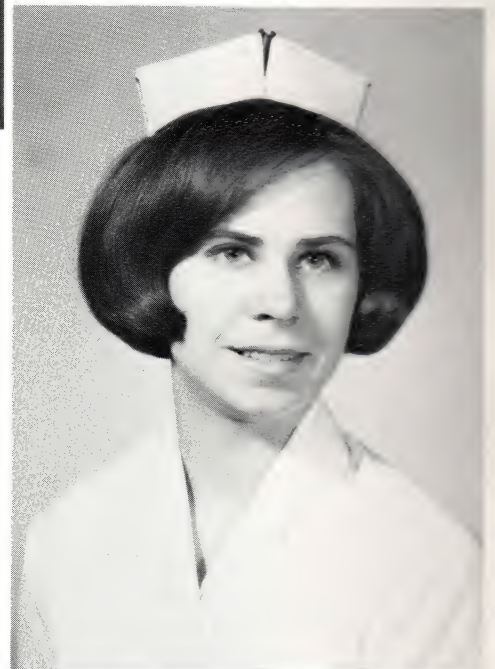

Ken Carlson

Bachelor of Science. Electrical Engineering Technology. Inter-Club Council; Student Congress, Inter-Club Council Senator; Newman Club-Kappa Pi Delta, Vice President; Drama Club. Attended Thornton Fractional South High School; Purdue University, Calumet Campus.

David Cianchetti

Bachelor of Science. Supervision. Attended Bloom Township High School; Purdue University Calumet Campus. Plans a career in industrial management.

Marijo Rose Cunningham

Associate in Applied Science. Nursing Technology. Kappa Pi Delta; Pi Sigma Kappa. Attended Morton High School; Purdue University, Calumet Campus. Plans a career in a local hospital on a Medical-Surgical Unit.

Laura Louise Davies

Bachelor of Arts. English-American Literature. Attended St. Joseph's Academy; Tuscon High School (Arizona); Purdue University, Lafayette Campus, Barker Memorial Center, Calumet Campus. Plans to attend graduate school.

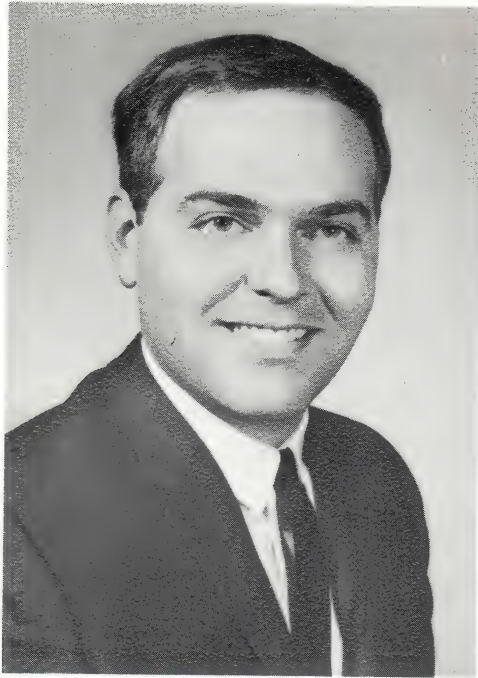

Geraldine E. Decker

Associate in Applied Science. Nursing Technology. Indiana Association of Nursing Students. Attended Gary Edison High School; Purdue University, Calumet Campus. Plans a career in obstetric nursing.

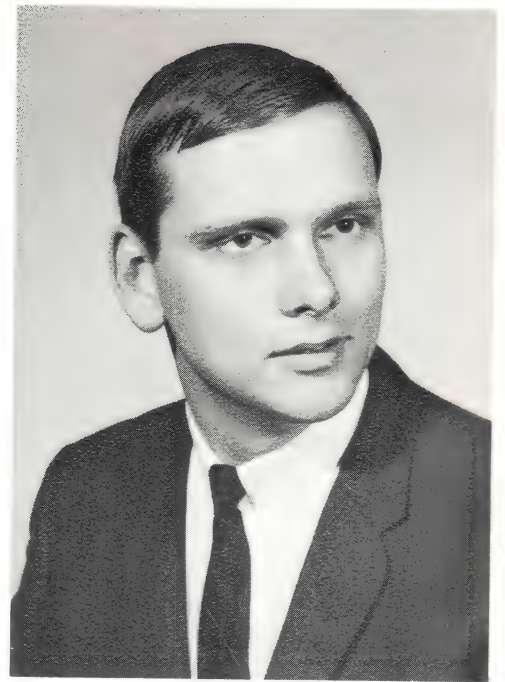

William G. Diehl

Associate in Applied Science. Mechanical Technology. Attended Horace Mann High School; University of Maryland; Purdue University, Calumet Campus. Plans to earn Bachelor of Science Degree.

Donald A. Friedrichson

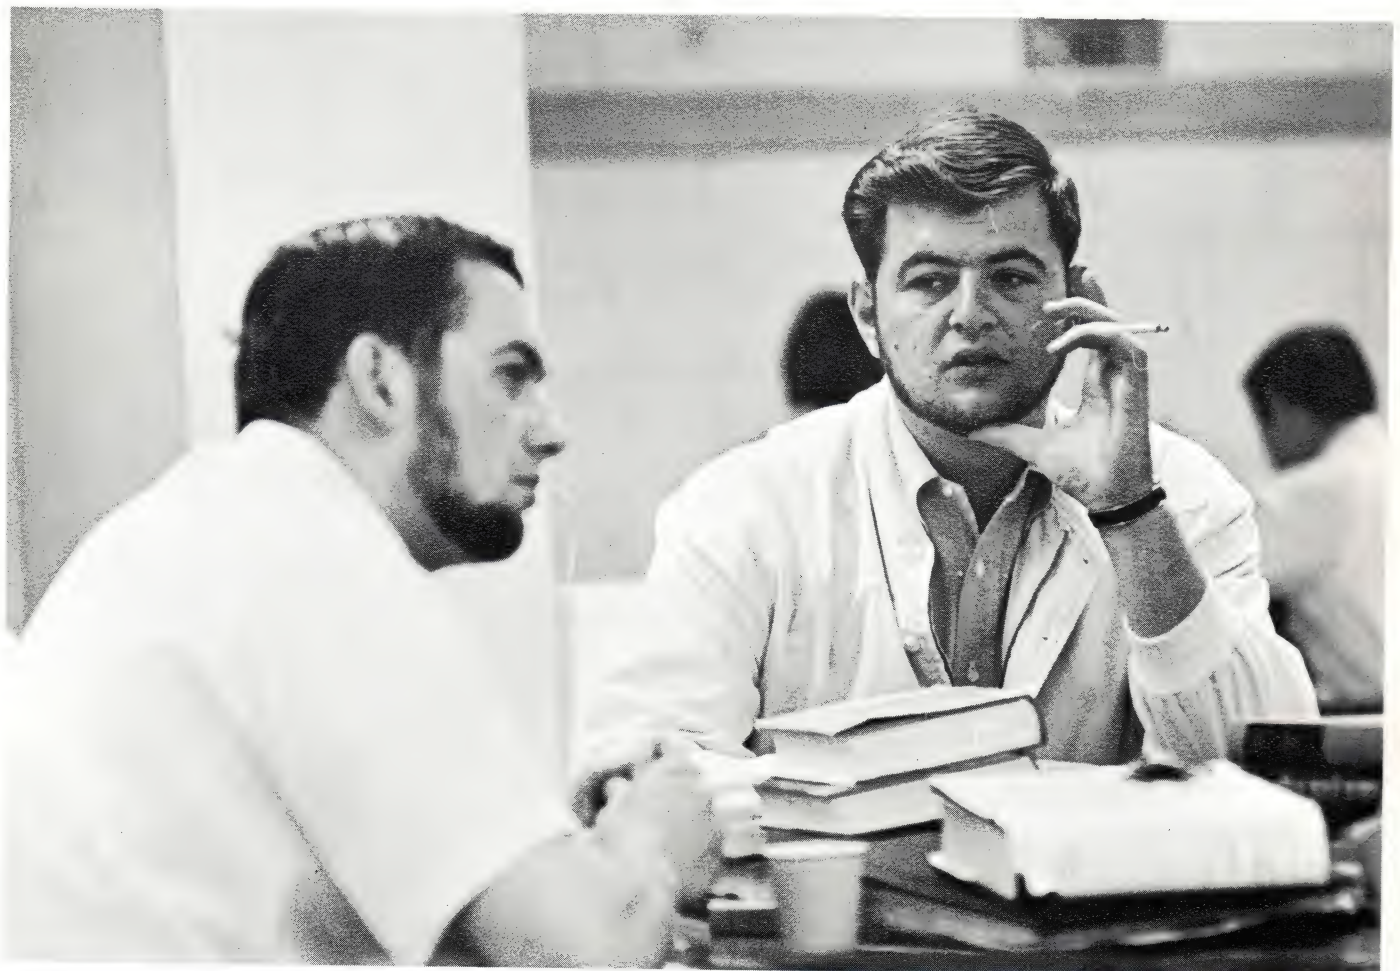

Bachelor of Science. Supervision. Radio Club. Attended Dyer High School; Purdue University, Calumet Campus.

Kenneth D. Gembala

Associate in Applied Science. Architectural Technology. Attended Highland High School; Indiana University; Illinois Institute of Technology; Purdue University, Calumet Campus. Plans to earn Bachelor Degree in Architectural Technology.

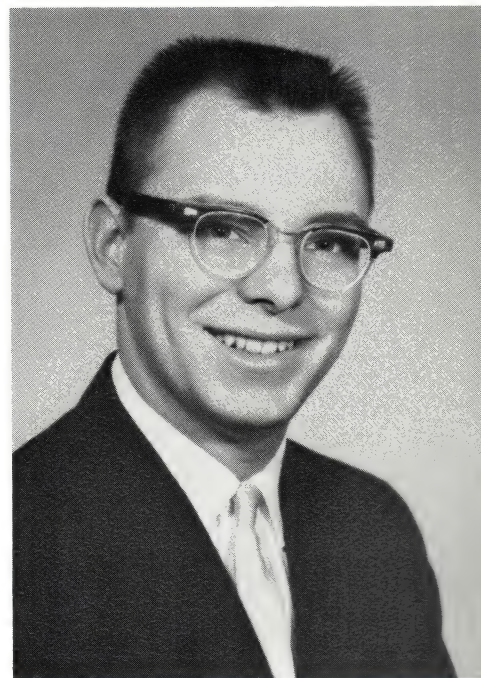

"THE LOVE OF LEARNING, the sequestered nooks,
And all the sweet serenity of books."

Studies Culminate in Graduation

Earl Terry Gumm

Bachelor of Science. Electrical Engineering Technology. Radio Electronics Club, President. Attended Horace Mann High School; Purdue University, Calumet Campus. Plans to continue work with United States Steel Corporation.

William L. Haddad, Jr.

Associate in Applied Science. Chemical Technology. Attended Clark High School; Purdue University, Calumet Campus. Plans a career in local industry.

Richard W. Harbrecht

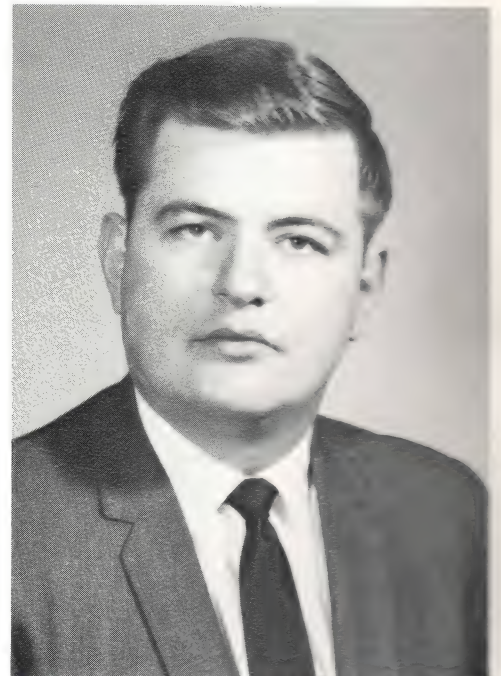

Associate in Applied Science. Electrical Engineering Technology. Attended Valparaiso Technological Institute; Purdue University, Calumet Campus. Plans to earn Bachelor of Science in Technology.

Seniors Reflect on

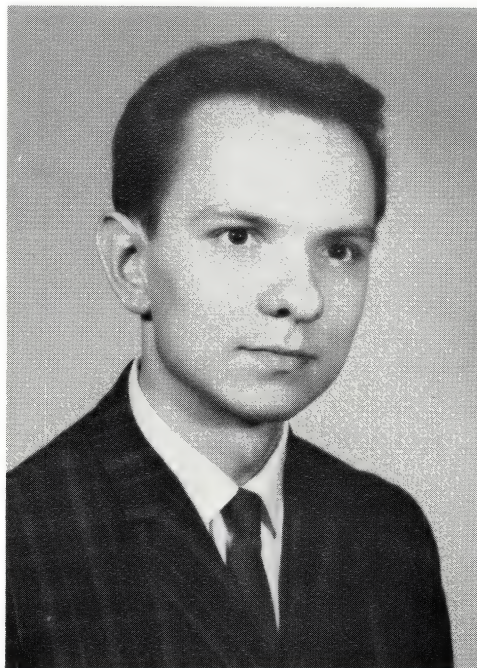

Marilyn Sandquist Haynes

Bachelor of Arts, American Literature, Gables. Attended Prairie State College; Purdue University, Calumet Campus. Plans a teaching career.

Bob Helton

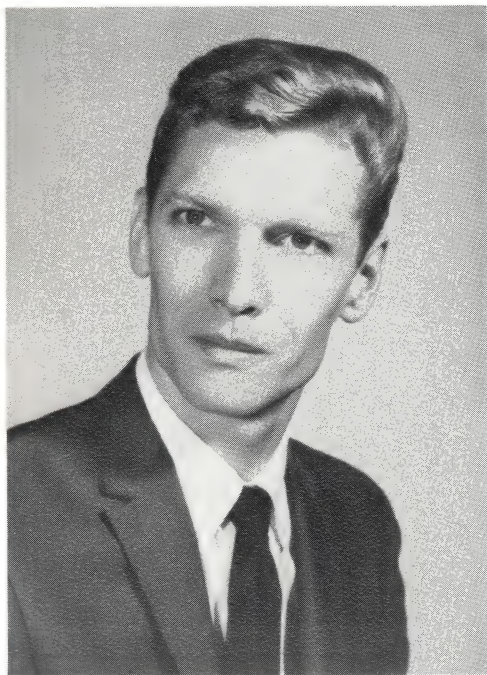

Bachelor of Science, Technology, Boilermaker, Advertising Manager; Student Congress, Delegate to Purdue-Indiana Conference. Attended Thornton Township High School; Purdue University, Calumet Campus. Plans to work in industry and earn Master of Business Administration.

William A. Huss

Bachelor of Science, Mechanical Engineering Technology. Attended Roosevelt High School; Purdue University, Calumet Campus. Plans a career in engineering.

Years of Study

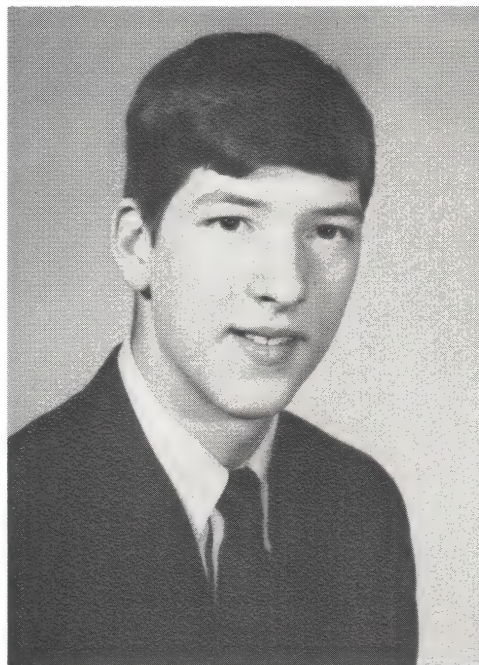

Kenneth D. Jamie

Bachelor of Science. Industrial Supervision. Attended Fenger High School, Chicago; Purdue University, Calumet Campus.

Roger Thomas Jana

Bachelor of Science. Mechanical Engineering Technology. Attended Crown Point High School; Purdue University, Calumet Campus.

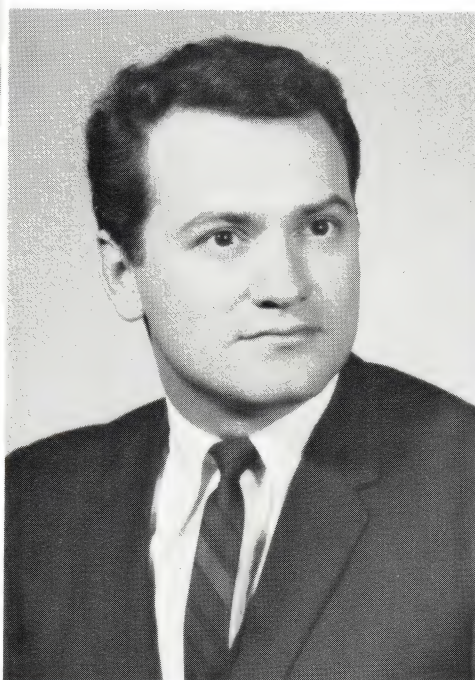

Joseph C. Kasper

Associate in Applied Science. Computer Technology. Attended Bishop Noll Institute; Purdue University, Calumet Campus. Plans to attend Purdue University, Lafayette Campus.

Rochelle Beatrice Kilpatrick

Associate in Applied Science, Nursing Technology. Attended East Chicago Roosevelt High School; Michael Reese Hospital School of Nursing; Purdue University, Calumet Campus. Plans a career as a professional nurse.

Kenneth A. Koval

Bachelor of Science, Electrical Engineering Technology. Attended Lew Wallace High School; Purdue University, Calumet Campus. Plans to work in industry.

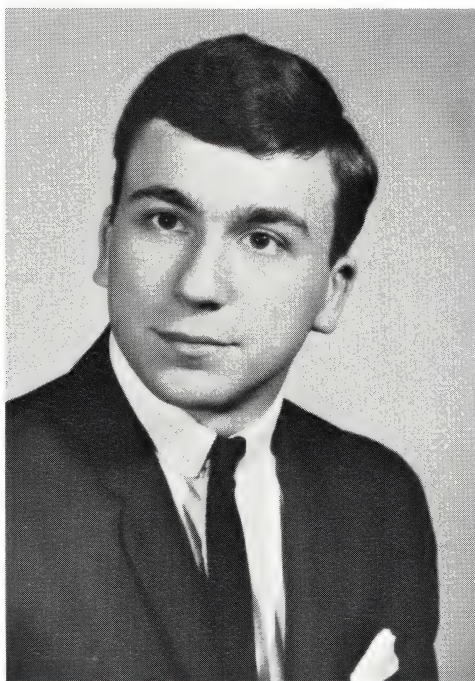

David M. Lambert

Associate in Applied Science, Mechanical Engineering Technology. Attended Kankakee High School; Roosevelt University; American University; Purdue University, Calumet Campus. Plans to continue education in technology and to earn a degree.

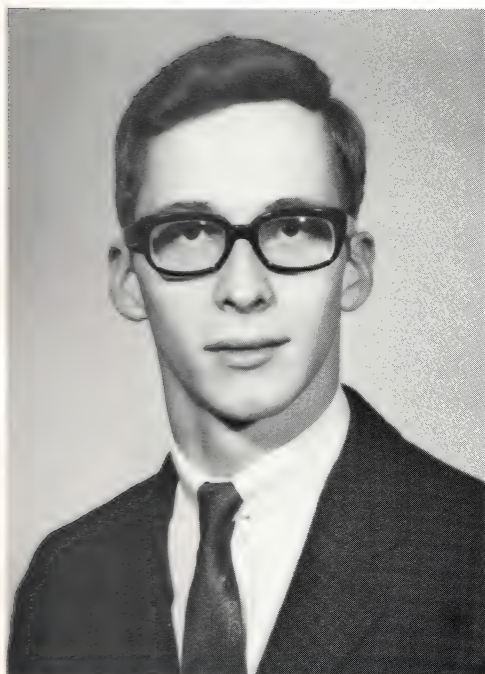

Russell J. Long, Jr.

Bachelor of Science, Supervision. Plans employment and graduate school.

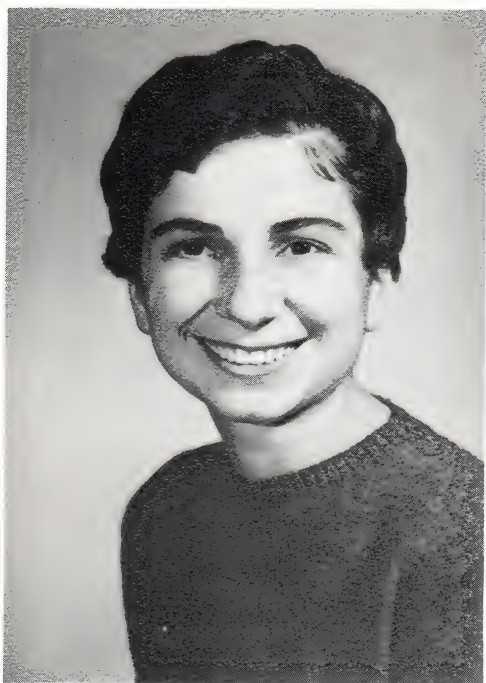

Lawrence E. Mills

Associate in Applied Science, Computer Technology. Kappa Pi Delta; Purdue Calumet Athletic Club; Theatre Company. Attended Griffith High School; Purdue University, Calumet Campus.

Dave Minsberg

Associate in Applied Science, Electrical Engineering Technology. Attended Hammond High School; Purdue University, Calumet Campus.

Effie Nabhan

Bachelor of Arts, Social Studies. Attended Purdue University, Calumet Campus.

Frank J. Penzato

Associate in Applied Science, Chemical Technology. American Chemical Society. Attended East Gary Edison High School; Purdue University, Calumet Campus. Plans to earn Bachelor of Science Degree.

Seniors help with Treasure Hunt.

Commencement Marks an End and a Beginning

Roseanna L. Piercy

Associate in Applied Science, Nursing Technology, Indiana Association of Nursing Students. Attended Western High School, Russiaville, Indiana; Indiana University; Purdue University, Calumet Campus. Plans a career in obstetric nursing.

John J. Popp, Jr.

Bachelor of Science, Supervision. Attended George Washington High School, Chicago, Illinois; Purdue University, Calumet Campus. Plans a career in engineering.

Carole E. Radford

Associate in Applied Science, Chemical Technology. American Chemical Society, Secretary-Treasurer. Attended Clark High School; Purdue University, Calumet Campus. Plans a career as an industrial chemist.

Caps, Gowns

Richard A. Radford

Associate in Applied Science, Chemical Technology. American Chemical Society. Attended Dyer High School; Purdue University, Calumet Campus. Plans a career in industrial chemical technology.

James L. Schaertl

Bachelor of Science, Industrial Economics. Attended Hammond High School; Purdue University, Lafayette Campus, Calumet Campus. Plans a career in business or industry.

Sue Ann Schulte

Bachelor of Arts, English, Gables; Theatre Company. Attended Lowell High School; Purdue University, Calumet Campus. Plans a career as a secondary teacher.

Symbolize Achievements

Karin Schwach

Associate in Applied Science, Nursing Technology. Attended Thornton Fractional South High School; Purdue University, Calumet Campus. Plans a career in obstetric Nursing.

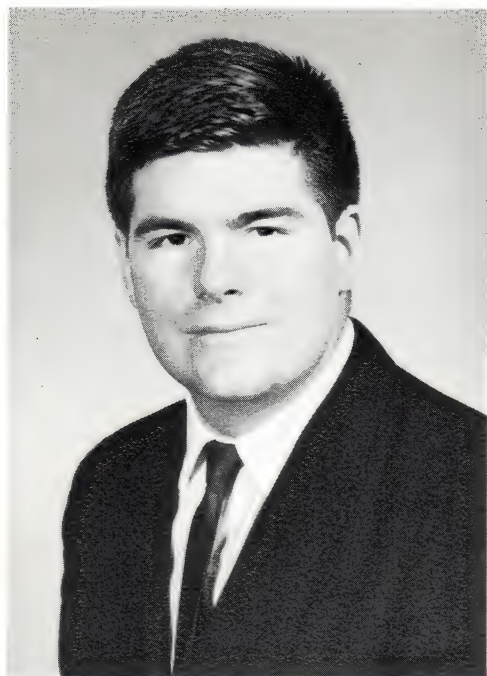

Kenneth N. Staresina

Associate in Applied Science, Metallurgical and Chemical Engineering Technology. Attended Independence High School, Independence, Ohio; Griswold Institute; Cleveland State University; Purdue University, Calumet Campus. Plans a career in management.

Michael Tonetski

Bachelor of Science, Industrial Engineering-Technology Supervision. Attended Lew Wallace High School; Indiana Technical College; Purdue University, Calumet Campus. Plans a career as an industrial engineer at McDonnell-Douglas Corporation—Aircraft Division, Long Beach, California.

Richard F. Vanderford, Jr.
Bachelor of Science. Supervision.
Attended Fort Wayne South Side
High School; Purdue University,
Northwest Campus, Calumet Cam-
pus. Plans a career in heavy
construction.

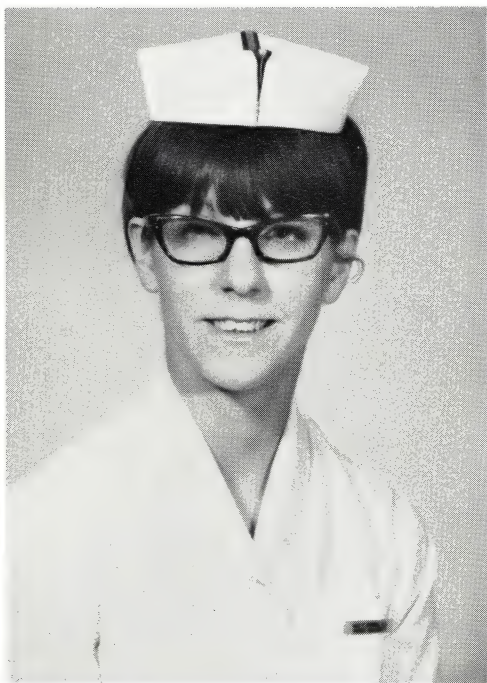

Duane G. Wahl
Associate in Applied Science.
Chemical Technology. American
Chemical Society. Attended High-
land High School; Purdue Univer-
sity, Calumet Campus. Plans a ca-
reer in industry while continuing
education.

On To Careers, Schools

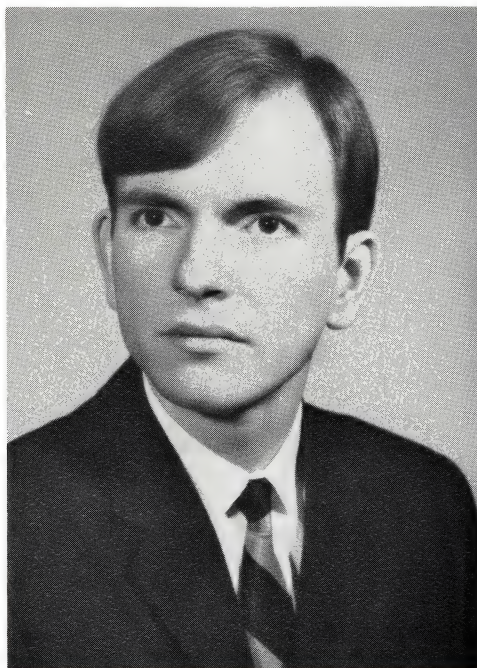

Martha Elouise Wallace

Associate in Applied Science, Nursing Technology. Purdue Music Organization; Bushkins; Kappa Pi Delta. Attended Thornton Fractional South High School; Purdue University, Calumet Campus. Plans to earn a Bachelor Degree and begin a career.

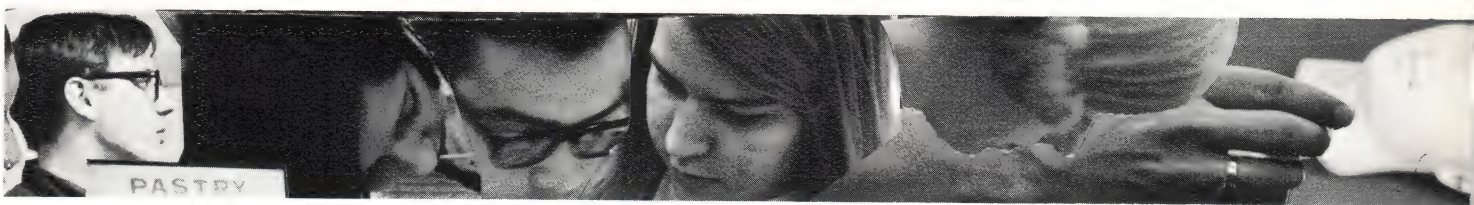

Pamela Lynn Waters

Associate in Applied Science, Nursing Technology. Kappa Pi Delta; Pi Sigma Kappa. Attended Morton High School; Purdue University, Calumet Campus. Plans a career in a local hospital and possibly may earn Bachelor Degree in Nursing.

Tony Weber

Bachelor of Science, Supervision. Attended Purdue University, Calumet Campus.

College is a waste of time...

... unless you find a job that turns you on and makes good use of your education. Inland Steel wants only people who want to use everything they've learned in college—and strongly desire to grow personally and professionally.

Inland's future depends on the creativity and productivity of its people. If you want a really challenging opportunity to contribute—with the rewards and responsibilities that go with it—Inland wants to talk to you.

We need action-seeking graduates with degrees in most fields for management opportunities in sales . . . production . . . research . . . engineering . . . finance . . . administration . . . or you name it.

Think it over. If you have high aspirations and a good record, take time to find out about a career with us.

For information, see us on campus.

Buy soft drinks in cans.

Try 'em on the family. They'll tell you that soft drinks in cans are the greatest. We're dedicated to keeping the young folks (and the older folks) happy, so we make the tin plate for those soft drink cans.

This is the end. The reflection on the directions of this past year—our directions—is now concluded. We have attempted to remind you of the way you came, to aid you in evaluating this segment of your life's direction. If our task is completed, yours must continue. For from here many new directions lead and there is much further to go.

Thank you for letting us go with you this little distance and may our best wishes not only lie in these printed words but follow you as far and in whatever direction you go from here.
